KING'S DAUGHTERS.
Miss Gertrude Jackson entertained the Welles Circle of King's Daughters at her pleasant home on East Ninth last Tuesday afternoon. It is the custom for the retiring president to entertain the circle and its friends each year, and on Tuesday the anniversary of the order was celebrated. The occasion was happily spent by the ladies in talking over old times, in music and various amusements. A moulting game was introduced in which each guest was to mould animals from chewing gum. Some of the representations were very amusing, while others were very real. Mrs. Frazier was awarded the prize for the best production. Refreshments were served during the afternoon. Those present were: Mesdames Howard Wilcox, Van Ness, Sid Ashton, Walter Jones, J. Z. Hoffman, Chas. Englehardt, Newton Garst, Chas. Knorr, T. P. Kelso, J. W. Arbogast, H. MALLODY-CONE.
Mr. T. M. Malloody and Miss Mildred H. Cone were married at the home of the bride's parents, 141 University avenue, last Thursday night. The ceremony was performed at 8:30 o'clock by Rev. A. R. D. Hubler of the Central Christian church. Only the relatives and immediate friends of the contracting parties were present. Immediately after the ceremony was performed the happy young people went to their newly furnished home on St. Francis avenue.

NURSES' TEA.
The beautiful home of Mrs. Phyllis Ross on North Waco was open last Wednesday afternoon to the ladies of the board of directors of the Wichita Hospital and Training School, who gave a delightful tea in honor of the graduating class of the Nurses' Training School. About thirty guests were present, including all of the members of the board of directors, the other classes of the school and a few friends. The house was decorated with sweet peas and nasturtiums. During the afternoon Mrs. E. Higgins and Miss Goldie Evans gave musical entertainment. Mrs. Ross gave two charming readings. Mrs. Ross, assisted by Miss Evans, sang a solo, rendered which Master Phyllis Ross, Jr., rendered a pleasing little solo. Refreshments consisting of bread and butter sandwiches, chicken salad, olives, ice cream, cake and coffee were served during the afternoon. Misses Mary Campbell and W. T. Tucker, Emma Maud Campbell and Kate E. Thomas were the guests of honor.

MARRIED AT STERLING.
One of the prettiest home weddings recently solemnized in Sterling occurred at the Methodist parsonage Thursday morning, June 14, at 8 o'clock. The occasion was the marriage of Miss Evangeline Pollard, eldest daughter of Rev. and Mrs. E. C. Pollard, to Prof. Edward Marsh Williams of Burlington, Kan.

The parsonage was beautifully decorated with palms, ferns and cut flowers, the prevailing colors being green and white. The dining room decorations were pink and white.

SCROFULA

A VAMPIRE THAT SAPS
THE VITALITY OF YOUTH
AND STEALS AWAY THE
SUSTAINING STRENGTH
OF MATURER YEARS.

Scrofula, the offspring of Consumption and Blood Poison, has caused as much wretchedness and suffering as the parent disease. A Scrofulous taint in the blood is a barrier to health, and neither physical nor mental perfection is ever attained until the system is purged of every atom of this destructive poison. As success in life depends largely upon a strong, vigorous constitution and a quick, active brain, a person who inherits a Scrofulous and weakly constitution is poorly equipped for life's battle, and rarely gains fortune or fame.

Scrofula is a most terrible and humiliating disease. The body is disfigured by unsightly sores and ulcers, and should the sufferer survive, old age bears the scars that were made in youth. The most common symptoms are enlarged glands in the neck, weak eyes, nasal rickets, scaldhead, or some bad form of skin trouble, white swelling and consumption. Scrofula can be detected even where there are no external signs by a peculiar pallid appearance of the skin, languor, loss of strength, etc. While in most cases inherited, bad water, poor and insufficient food, exposure and unhealthy surroundings so impoverish the blood that the poorly nourished body can make but feeble resistance to this vampire-like disease.

GOOD BLOOD—
GOOD HEALTH.
S. S. S. restores the deteriorated blood to a healthy condition and stops the progress of this wasting, life-destroying malady. It does its work thoroughly and quickly. S. S. S. searches out and removes all taint, even where the poison has lain dormant in the system for years. It reinforces and stimulates the blood, and the system is kept free of all impurities. S. S. S. is the only guaranteed vegetable blood purifier; it is a safe and reliable cure for Scrofula and all blood troubles. If you are already in the clutches of this monster disease, S. S. S. will cure you, as it has thousands of others. Cure yourself and prevent the transmission of this terrible plague to your children.

Even when there is a strong hereditary predisposition to Scrofula, there may be no sign of it in infancy or childhood, but it will surely make its appearance in middle life. S. S. S., if taken now, will arrest the demon and remove the taint forever. If you or any of your family have any symptoms of Scrofula, send for our free book and write our physicians fully about your case. We make no charge for medical advice, and all correspondence is conducted in strictest confidence. S. S. S. is for sale at all drug stores. **THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.**

Until twenty-one years of age, I was the picture of health, then my health began to fail. The glands on the left side of my neck began to swell; the pain was terrible. Four of the places were lanced, but instead of healing, as we expected, became open running sores. Hundreds of little bumps appeared over my body; several severe rashes came under my left arm. Three of these rashes were opened and the discharge was simply awful. The doctors said I had the worst case of Scrofula they had ever seen. I took Iodine of Potassium regularly and faithfully, but this nor the other drugs usually given for this disease brought relief. I decided to try S. S. S., for I was convinced that unless I adopted different treatment I could never hope to be well again. The first bottle gave some relief. After the third I was much better, and I began to feel and look like my old self; the Scrofulous sores began to heal, and the inflammation and swelling had been reduced considerably. A few more bottles cured me completely. There are now no signs of the terrible disease left. I weigh more than I ever did. My doctor was surprised when he next saw me, and when I told him I had been taking S. S. S., said, "Good! I don't care what you have been taking, since you are cured." Now, when I think of what I suffered for three long years, the sleepless nights, the constant pains, my miserable condition, the wonder is that I ever lived through it. My doctor said at her last visit, she will expect a fine patronage of this distinguished event. The list of new officers is as follows:

WILL HAVE MARBLE FLOOR
Proprietor Ennis Making Improvements at Carey Hotel.
B. L. Ennis, proprietor of the Carey hotel, which is one of the largest hotels in the state, is making some important improvements and when finished will be up-to-date in every respect. Being up-to-date in every respect, the proprietor has had most of the floor rooms carpeted and otherwise furnished. The old bath rooms in private apartments have been taken out and the porcelain tubs added. Ten additional private baths have been put in the second story, equipped with toilet rooms. The billiard room has been furnished with five new tables, which makes this social department attractive for the guests.

One of the latest improvements will be the marble floor which will be put in the office. As some will suspect the floor will not be of tile, but will be genuine marble. The work will commence the first of the month. This improvement alone will cost \$1,000. No hotel in the state has so far given this luxury to its guests. Mr. Ennis will also add electric lights.
